

**All Covered**   
IT SERVICES FROM KONICA MINOLTA

# THE ALL COVERED CLOUD (IaaS)

The All Covered Cloud provides a highly available, secure and scalable hosted infrastructure as an on demand service. Rather than purchasing on-site servers, costly data center space and additional network equipment, All Covered removes your infrastructure management challenges, decreases capital expenses and allows your business to focus on your core competencies and maximize technology to gain a sustainable competitive advantage.

In partnering with All Covered, you don't have to take on your cloud migration alone. We help assess your current environment and collaboratively build a cloud strategy and solution that is scalable and optimized for your business needs now and into the future. As a true technology partner, your organization will be assigned a world-class project manager and technology team to proactively manage your account and assist every step of the way.

**PREDICTABLE BILLING**

**24/7 MANAGED ENVIRONMENT**

**MIGRATION PLANNING AND ASSISTANCE**

## WHY THE ALL COVERED CLOUD?

**Flexible Pricing Model:** Only pay for the resources you need, easily scale as your business needs change.

**Built-in Disaster Recovery and Business Continuity:** Leverage our Enterprise-grade architecture. Soc 1/Soc 2 facilities with a 99.995% uptime SLA. Redundant power, connectivity and security.

**Business Productivity Applications:** Licensing and support for Microsoft Office 365 and other office related apps.

**Enhanced Security and Managed IT Services:** Includes patching and AV for contracted servers. SIEM, UTM and other cybersecurity services available to bundle.

**Automatic Backups:** Backup your data daily with a 14 day retention period built in. Longer retention available depending on compliance and business needs.

**Remote Access:** Access to your technology resources from anywhere, anytime. Easily grant access to employees, partners and vendors when needed regardless of their physical location.

**Op-Ex vs. Cap-Ex:** Improve cash flow by eliminating the need for capital expenditures associated with new hardware.

**A Dedicated Cloud Team:** Leverage a dedicated team of cloud resources to assist with the migration and management of your environment.

## COLOCATION AVAILABILITY

Your move to the cloud is not an all or nothing decision. Have existing physical servers, VoIP hardware, or other appliances? With the All Covered Cloud, you can move the necessary servers to our cloud infrastructure and collocate the servers and devices you still need. With your move to the cloud, you gain access to our SSAE-16 / SAS 70 type II certified data centers, enterprise security and compliance controls and access to a world class technology staff.

## PROVEN EXPERTISE AND A PARTNER YOU CAN TRUST

Since 1997, All Covered has been a trusted partner to thousands of organizations across the country. Through our true technology partner approach, we help simplify the planning, maintenance and oversight of your infrastructure, cybersecurity and compliance needs.
