K-12 SOLUTIONS FOR HYBRID TEACHING

THE PURPOSE-BUILT, POWERFUL, YET EASY-TO USE CLASSROOM SOLUTION

Konica Minolta and All Covered's Hybrid Teaching Solution Packages for classrooms allow teachers to easily present lessons in-class while simultaneously presenting to remote students. Students attending remotely will be able to see and interact with the teachers' presentation as well as engage with the students in the classroom, providing a more engaging learning environment that is conducive to effective teaching.

Benefits of Konica Minolta and All Covered's Hybrid Teaching Solution include:

- Increased student engagement
- Better material retention
- Increased collaboration
- Improved instructor productivity
- Aesthetic improvement
- Simple-To-Use/Walk-Up and Teach
